Subject Index

Canadian Journal of Animal Science, Volume 81, 2001

- Acidosis
 intake of bicarbonate pellets by dairy cows, 149
- Acidosis, sub-acute ruminal, **617**
 effect of subacute ruminal acidosis on in situ digestion, 421
- Activity rhythm
 welfare of farmed silver foxes housed in enclosures, 435
- Adipose, **624**
- Adrenocorticotrophic hormone, **621**
- Age, **622**
- Aggression
 welfare of farmed silver foxes housed in enclosures, 435
- Alfalfa
 effect of rumensin on bloat, 281
- Alkaloid
 utilization of lupin by growing lambs, 575
- Alopex lagopus*
 behaviour of farmed blue foxes, 189
- Amino acid, **609**
 phytase and amino acids on P and N excretion, 115
 supplemental amino acids and excretion of N in pig manure, 125
 tail-end dehulled canola meal and broiler chickens, 379
- Amino acid digestibility, **613, 627**
 ileal amino acid digestibility, **613**
 fat and protein digestion in pigs, 495
- Amino acid, plasma, **616**
 post-ruminal infusion of glutamine on dairy cows, 229
- Ammonia, **620**
- Androstenedione, **622**
- Angiotensin
 angiotensin II and feed intake in sheep, 215
- Antemortem, **619**
- Antibiotic, **625**
 effect of lesions on tenderness, 441
- Antibiotic resistance, **626**
- Apparent metabolizable energy
 effect of cereal grain storage on broilers, 237
- Apparent phosphorus digestibility, **612**
- Artificial insemination, timed **630**
 timed-AI of beef cows, 335
- Backfat
 backfat level, **619**
 predicting pork loin-eye area from muscle depth measurements, 429
 Wagyu effects on marbling, backfat and hormones in cattle, 65
- Bacteria
 zinc oxide effects on small intestine of pigs, 511
- Barley
 effect of cereal grain storage on broilers, 237
 enzyme response and feed intake, 403
 supplemental amino acids and excretion of N in pig manure, 125
- Barley silage, **628**
- Beef, **615, 618, 627**
 chilling rate and fat cover on beef quality, 321
 effect of lesions on tenderness, 441
 pre-slaughter calcium and tenderness, 33
- Beef cattle
 breeding strategies for two competing markets, 169
 inoculated high-moisture ear corn, 273
 intensity of cold exposure, 459
- Beef cow, **630**
 timed-AI of beef cows, 335
- Beef quality
 chilling rate and fat cover on beef quality, 321
- Behaviour, **621**
 behaviour of dairy cattle kept outside during winter, 9
 effects of ionophores on feeding behaviour, 253
 feeding behaviour, **620**
 feeding behaviour to predict feedlot morbidity, 315
 lactation in Upton-Meishan and Large White sows, 487
- Bifidobacteria (*Bifidobacterium longum*)
 diet of early-weaned pigs, 141
- Blast chilling
 chilling rate and fat cover on beef quality, 321
- Bloat
 effect of rumensin on bloat, 281
- Blood concentration
 fed β -carotene in digesta, blood, liver and fat of steers, 133
- Blood flow, mammary
 mammary blood flow estimation, 57
- Blue foxes, farmed
 behaviour of, 189
- Body composition, **629**
- Body weight, **622, 629**
 growth and photostimulation effects on breeders, 467
 rearing effects on breeder egg production, 477
- Bos indicus*, **631**
- Bos taurus*, **623**
 behaviour of dairy cattle kept outside during winter, 9
- Bovine, **622, 623, 624**
 MnCl₂ inhibition of oocyte maturation, 223
- Bovine mammary epithelial cells
 mammary epithelial cells on inserts, 285
- Brain
 angiotensin II and feed intake in sheep, 215
- Breed
 lactation in Upton-Meishan and Large White sows, 487
- Breeding
 breeding strategies for two competing markets, 169
- Breeding values, estimated
 index selection of pigs, 17
- Broiler, **624**
- Broiler breeder
 growth and photostimulation effects on breeders, 467
 rearing effects on breeder egg production, 477
- Broiler chicken
 tail-end dehulled canola meal and broiler chickens, 379
- Broiler performance
 effect of cereal grain storage on broilers, 237

Page numbers in bold face refer to abstracts.

- Buffering capacity
acidification of diets for young pigs, 345
- Bull
predicting bull performance, 581
- Cage size
behaviour of farmed blue foxes, 189
- Calcineurin
calcineurin-mediated signaling in skeletal muscle, 307
- Calcium, **611, 624, 626**
pre-slaughter calcium and tenderness, 33
- Calcium loss, endogenous, **612**
- Calcium source, **626**
- Calf, **619**
- Calpain
pre-slaughter calcium and tenderness, 33
- Calving date, **624, 625**
- Cannula
mobile nylon bag technique for swine, 371
- Canola meal, dehulled
tail-end dehulled canola meal and broiler chickens, 379
- Canola oil
linolenic acid and total oil effects on pig performance, 505
- Carbohydrase
supplemental amino acids and excretion of N in pig manure, 125
- Carcass
breeding strategies for two competing markets, 169
feeding wastes to ducks, 107
- Carcass and meat quality
skin damage on pig carcass, 39
- Carcass loss, **619**
- Carcass yield
pre-slaughter feed withdrawal in pigs, 89
- β -carotene
fed β -carotene in digesta, blood, liver and fat of steers, 133
- κ -casein, **622**
- Cattle, **619**
behaviour of dairy cattle kept outside during winter, 9
effect of lesions on tenderness, 441
effect of rumensin on bloat, 281
inhibition of melatonin secretion in cattle, 153
Wagyu effects on marbling, backfat and hormones in cattle, 65
- Cattle, beef
breeding strategies for two competing markets, 169
inoculated high-moisture ear corn, 273
intensity of cold exposure, 459
- Cattle, feedlot, **626, 628**
effects of ionophores on feeding behaviour, 253
- cDNA, **624**
- Cereal grain storage
effect of cereal grain storage on broilers, 237
- Chia
omega-3 enriched eggs, 355
- Chicken embryo
chicken embryo Hsp70 levels and incubation temperature, 83
- Chicken meat
omega-3 eggs and chicken meat, 295
- Chicken, transgenic, **623**
- Chicor inulin extract, **624**
- Chilling, blast
